So, let me get this right, they said they could give him a trim and tidy him up?

Yeah.

And sort his hair out?

Yeah.

They didn't say about the coat?

Nope.

Or the wig?

Nope.

Well I suppose he looks alright. He reminds me of someone.

Me too. Uncanny, isn't it?

Woman 1: So I said, 'well Trev I don't know where the dog shoes are' and our Jeff, you know our Jeff, the one with the mullet and the vauxhall astra? He said the dog's shoes were outside next to the squeaky turtle head that our Lisa brought back from Cancun. You know our Lisa right? Long hair, short fuse? Well anyway, the dog peed on them so that was a no go and then our Gary said his Lulu might have a pair and did I know what size the dogs feet were? Did I heck. So anyway no shoes but I did find the wig over there by the chippy so hopefully we get in.

Woman 2: That's great Joan, but is that Elvis in a bikini over there?

Woman 1: No that's our Craig. He's worse than the dog.
